

Wing Headquarters Building gets makeover

Photos by TSgt. Mitch Chandran

(Left photo) SSgt. Nathaniel Bartnick, telephone maintenance technician for the 150th Communications Flight, helps install and check both telephone and LAN line installation. This complete make-over of both the middle and south wings of the building included room refurbishing, asbestos abatement, lowering of ceilings, painting and cabinetry work. (Upper right photo) The ceiling was lowered by one foot to the original height. (Below) New members in the wing use the new hallway Oct 18.
